

REMARKS

The Notice of Drawing Inconsistency with Specification indicates that Figure 11B was contained in the drawings but not listed in the Brief Description of the Drawings. Applicant has amended the specification to add a brief description of the drawings. Because the Figure was originally filed with the application, the addition in the specification does not add new matter.

CONCLUSION

Applicant submits that the application is in condition for issuance. Favorable action and withdrawal of the present rejections and objections is, therefore, respectfully requested. The Examiner is invited to call the undersigned at his convenience to resolve any remaining issues. Please charge any additional fees or credit any overpayment to Deposit Account No. 50-1196.

Respectfully submitted,
